

Shower faucet THERMO-12/K

Product information

Description

Comfort. Guarantee of stable water temperature. Elegant design, thermo elements of high quality VERNET (France). Safety. Instantaneous hot water shutoff in case of cold water closure prevents from possible burn.

- 5-years warranty
- After assembly all our faucets are being 100% tested
- Durable and glossy surface on all our faucets. We use more durable coating for shine and long-term use of faucets, which is more resistant to scratches, dents, limescale, rust.
- High-quality brass with lowered content of harmful impurities is one of the most important component materials.
- Faucets with the ANTI-NOISE system work silently and do not cause discomfort.
- Check valve – mostly used for the prevention of impure water backflow to the water supply system.
- Thermo – faucet with the built-in thermostat. Automatically mixes and maintains the set temperature of the water at the outlet. Prevents burns from the hot water in case of cold water pressure drop in the system.
